

PRESS INFORMATION

Mirko Trefzer takes over management of the "Sales and Marketing" division of AL-KO Vehicle Technology
Succession of Carsten Oberwelland effective October 1, 2018

Kötz, September 2018

Mirko Trefzer (48) will take up his position as Senior Vice President Sales and Marketing at AL-KO Vehicle Technology on October 1, 2018. His main tasks are the support and intensification of customer relations on national and international level as well as the implementation of the sales objectives and the associated growth strategy of the company.

With Mirko Trefzer, AL-KO Vehicle Technology has gained a very experienced manager. After successfully studying mechanical engineering with a focus on vehicle technology in Karlsruhe and France, the graduate engineer gained extensive international sales experience in a leading position in the automotive sector.

Mirko Trefzer succeeds Carsten Oberwelland, who will leave the company at his own request on 30 September 2018. The Management Board of AL-KO Vehicle Technology would like to thank him for his commitment and for the trusting and successful cooperation and wishes him all the best for his future and continued success.

The ALOIS KOBER GMBH

Founded in 1931, AL-KO Vehicle Technology is today a globally operating technology company with approximately 30 locations in Europe, South America, Asia and Australia. With high-quality body and chassis components for trailers, leisure vehicles and light commercial vehicles, AL-KO stands for optimum ergonomics and functionality, maximum comfort and innovations for greater driving safety. Sophisticated innovation processes characterize the company, which has received several awards for this.

AL-KO Vehicle Technology and Dexter Axle have been united as DexKo since the end of 2015. This combination is the world's largest manufacturer of trailer axles and chassis components in the light segment. DexKo Global Inc. generates sales over \$1.5 billion.
